ATTENDANCE POLICY 4.1070

Students enrolled in the School must attend School regularly in accordance with the laws of the State. The educational program offered by the School is predicated upon the presence and punctuality of the student and requires continuity of instruction and classroom participation. A parent must contact the School in accordance with the procedure set forth in Policy 4.1090 whenever a student is absent.

Attendance shall be required of all students enrolled at the School during the days and hours that the School is in session. Attendance need not always be within the School facilities, but a student will be considered to be in attendance if present at any place where School is in session by authority of the Board.

Repeated unexcused absences/tardiness shall be grounds for disciplinary action.

A student is tardy when a student is more than five minutes late for School or for a class. If a student misses more than half a class, the student will be marked absent for the class.

Any student who, due to a medically-documented physical or mental impairment, is absent for an extended period will not be disciplined. Such students may be entitled to receive an education tailored to their individual needs or abilities as provided for under federal and/or state law.

A student is excessively absent from school if a student is absent from the School with or without legitimate excuse for thirty-eight (38) or more hours in one (1) school month or sixty-five (65) or more hours in one (1) school year. Within seven (7) days of a student becoming excessively absent from School, the attendance officer shall notify the student's parents of the student's absences in writing.

A student is habitually truant if the student is absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or seventy-two (72) or more hours in one (1) school year.

2. If a Parent fails to call the School as prescribed in Part A, School personnel will call the Parent to inform him/her of the Student's absence.

3. In those cases where telephone communication could not be made, School personnel will initiate a written communication to the home of the legal guardian the day of the Student's absence.
4. Students who fail to attend school the day of an after school activity or evening event, may be excluded from the activity/event.

DISMISSAL PROCEDURES

Dismissal starts at 3:00 p.m.

The dismissal line starts at the intersection of Pearl Road and Dawning. How you travel to arrive at this starting point is up to your discretion. However, you need to keep in mind that all traffic rules will be closely monitored and enforced by the police. Make sure that you are not stopping in front of driveways, or stopping in front of fire hydrants or next to a parked car.

Once you enter the dismissal line off Pearl Road, please proceed to the first driveway to the school and turn left to enter the parking lot. Travel through the parking lot and around the flagpole at the front of the building. You should have a visible sign placed in the driver's side window with the name of the student/s that you will be picking up. Please make sure you have a sign. This helps to speed up the dismissal process.

To exit the parking lot, continue past the flagpole towards the driveway and turn left out of the parking lot towards State Road. Once you are at State Road, please turn right only to ensure the traffic will continue to flow.

Student walkers continue to remain an option for pick up. Your child must be signed up to be a walker ahead of time. We can't accommodate last minute requests. If your child is a walker, he/she will be dismissed out the walker door on the Dawning side. We will not have an assigned staff member supervising the walking door. If you are planning on meeting your child there, you must be on time.

There will be no parking in our parking lot during dismissal. However, feel free to park in any available, legal parking space in the neighborhood, if you would like to meet your child outside the walker door.

STUDENT CONDUCT 4.2010

The School is a “character education” school in addition to being focused on high academic achievement for children, and we believe it is important to live and practice the values, positive character traits and behaviors that we teach every day. Character development is an essential part of the education that takes place in the school. To ensure an environment conducive to learning we have developed specific rules, regulations, policies and procedures to provide guidance to (1) students – so that there will be no ambiguity as to what is expected, and, (2) staff – so that when it is necessary to discipline a student, it will be done fairly and respectfully. It is essential that the disciplinary policies and procedures adopted by the Board be consistently applied to all students. All employees are expected to know and enforce these policies and procedures. Disciplinary Policies and Procedures may be amended or modified, from time-to-time, as the Principal deems necessary and/or advisable. Our expectations are as follows:

- Students will respect authority and conform to school rules of conduct
- Students will be respectful of one another
- Students will respect the rights and property of others, including teachers, students, and the school
- Non-violence, peace and concern for one another is the foundation of all school activity
- Each person possesses unique gifts that should be recognized and accepted
- Students will attend school every day, be on time, and be prepared to learn
- Students will comply with the appropriate dress code each day and will present a neat, clean appearance
- Students will exercise self-discipline and self-control in all aspects of school activities
- Students will assist in maintaining an orderly, clean school environment
- Students have an affirmative obligation to report violations of this Code of Conduct or other School policies and rules

Please refer to the complete School Policy 4.2010, which is available on our website at www.constellationschools.com.

DISCIPLINARY ACTION 4.2010.3

Progressive discipline will be utilized whenever possible and appropriate; however, there may be instances where circumstances dictate immediate remedial and corrective actions to protect Students, Staff, or the School. In these cases, the Principal may determine the necessary disciplinary action and the timing of such action.

Please refer to the complete School Policy 4.2010.3, which is available on our website at www.constellationschools.com.

CONDUCT AND/OR BEHAVIOR INFRACTIONS 4.2010.6

All students are expected to conform to the Student Code of Conduct at School, on the School premises, at School activities or functions whether on or off the School premises and on transportation to and from School, if paid for or provided by the School and are subject to the School's disciplinary process when they fail to do so. Students may also be subject to the School's disciplinary process for a violation of the Student Code of Conduct, regardless where it occurs, if the misconduct is directed at School Staff or their property.

Please refer to the complete School Policy 4.2010.6 which is available on our website at www.constellationschools.com.

ANTI-HARASSMENT, INTIMIDATION AND BULLYING 4.2020.1

The School prohibits acts of harassment, intimidation, or bullying (including cyber-bullying) of any student on school property or at school-sponsored events (any event conducted on or off School property, including School buses and other School related vehicles, that is sponsored, recognized or authorized by the Board). A safe and civil environment in the School is necessary for students to learn and achieve high academic standards.

Please refer to the complete School Policy 4.2020.1, which is available on our website at www.constellationschools.com.

ANTI-HAZING 4.2020.2

The School prohibits all acts of hazing. Hazing, like other violent and disruptive behaviors, is conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe and civil environment.

Hazing or hazing activity means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. For purposes of this Anti-Hazing policy, mental harm means mental stress, anxiety, physical injury, sickness, injury to feelings, humiliation, mental anguish, and/or depression, connected to and arising from the hazing activity. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times, regardless of whether the activity occurs on or off of property owned, used or controlled by the School, so long as the hazing activity is in any way connected to the activities or incidents that have occurred on property owned, used or controlled by the school. This policy will be actively enforced at all times.

Hazing is a violation of School policy separate and distinct from harassment or other prohibited conduct. No student, including leaders of student organizations, may plan, encourage or engage in any hazing activity. Students having engaged in hazing activity and who fail to abide by this policy are subject to disciplinary action including suspension, expulsion, removal or permanent exclusion as set forth elsewhere in this policy manual, and may be liable for civil and criminal penalties pursuant to State law.

Staff are to be particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering Staff member of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidences are reported immediately to the Principal or his/her designee.

No Staff shall encourage, permit, condone or tolerate any hazing activities, and Staff who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties pursuant to State law.

GANG ACTIVITY 4.2020.3

Students are prohibited from engaging in gang activities while at School, on School property, or at School-sponsored events.

As used herein the term "gang" means any ongoing organization, association, or group of three (3) or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity.

The term "gang Activity" shall mean any conduct engaged in by a student 1) on behalf of any gang; 2) to perpetuate the existence of any gang; 3) to effect the common purpose and design of any gang; or 4) to represent gang affiliation, loyalty or membership in any way while on School grounds or while attending a School function. These activities include recruiting students for membership in any gang and threatening or intimidating other Students or Staff to commit acts or omissions against his/her/their will in furtherance of the common purpose and design of any gang.

SEARCH FOR CHILDREN WITH DISABILITIES UNDERWAY

School districts across the state of Ohio are participating in an effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities. Disability, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotionally disturbed, multiple disabilities, mental retardation, other health impairments, physical impairments, autism, and traumatic brain injury. Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability. Before school districts can serve children, they must be found. Many children with disabilities are preschoolers. Parents may not be aware their child has a disability or that there are programs and services available. All information collected will be held in strict confidence and released to others only with parent permission or as allowed by law. For example, the school district will send records on request to a school district or other educational agency in which a student intends to enroll. The parents may have a copy of those records upon request. The school district will keep a record of all persons who review confidential records with the exception of authorized school employees, or other educational agency personnel. The school will also maintain a list of those employees who may have access to records.

IDEA MODIFICATION

This Constellation school provides educational service to disabled students utilizing funding from the federal government through, IDEA Part B to enhance the basic program. Public comment on the use of these funds is welcome.

The school is a public school, and students enrolled in and attending the school are required to take state mandated assessments and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative Code shall no longer be excused for that purpose upon their enrollment in a community school. Notwithstanding the foregoing, a student currently enrolled in a school operated by Constellation Schools will be permitted to transfer to another school operated by Constellation Schools mid-year, provided the following requirements are met:

- (1) the parent/guardian provides documentation, satisfactory to the School, establishing that the student's residence has changed;
- (2) the student's new residence is closer, as measured by the shortest driving route, to the School the student is transferring to than to the School of current enrollment;
- (3) there are no students on a waiting list for the transferring student's grade level at the proposed School; and
- (4) the proposed School has available space in the applicable placement grade.

ELIGIBLE STUDENTS 4.1020

Students residing in any school district within the State of Ohio are eligible to attend the School. The preferred entry point for enrollment in the school will be kindergarten, however, the Principal, with the approval of the

Board, may admit students in any grade. Kindergarten enrollees must be five years old by September 30 of the year the student is to be admitted, or have turned five by the date established by the state to qualify for early enrollment, and successfully completed the School's early enrollment testing. First Grade enrollees must be six years old by September 30 and have successfully completed a developmentally appropriate Kindergarten program, or have an approved waiver. Students enrolling in other grades must have evidence that they successfully completed the prior year course of study.

Please refer to the complete School Policy 4.1020, which is available on our website at www.constellationschools.com.

EMERGENCY STUDENT INFORMATION

Please provide the school with the most current information on how to contact family members in case of emergency. Parents are required to complete Student Emergency Forms at the beginning of each school year. **When any changes occur during the school year, please submit in writing to the school office changes such as a new home address, phone number, business phone number and persons to be contacted.** In the case of divorce, child custody, or re-marriages, the school should be notified and receive proper documentation. In the absence of documentation, by law, both parents have equal rights.

PROGRESSBOOK

ProgressBook is a password protected and secure web portal available to all families who have students enrolled in Constellation Schools. It provides access to monitor your child's progress.

Contact the Principal at your child's school for more information.

PARENT TEACHER CONFERENCES

We welcome the opportunity to meet and talk with parents regarding their student's progress. Fall Parent-Teacher Conferences are held on November 11th and November 12th. Winter Parent-Teacher conferences are held on February 10th and February 11th. Parents are encouraged to participate in Parent-Teacher conferences to discuss their child's progress.

PROFESSIONAL QUALIFICATIONS

The parent or guardian may request information in writing on the professional qualifications of each classroom teacher who provides instruction to your students. The information on each applicable teacher must be provided in a timely manner to any parent or guardian who requests it.

PARENT SUPPORT ORGANIZATION 2.1190.5

Parents are expected to create a parent-run organization to support the school. Such an organization would be an independent entity, separate and apart from the school. However, any activity or initiative undertaken by the Parent Support Organization, including fund raising activities, on behalf of the School, in the name of the School, on School property, or, at any School-sponsored event, must be approved in advance by the Principal.

Please refer to the complete School Policy 2.1190.5, which is available on our website at www.constellationschools.com.

VOLUNTEERS 5.2040

All prospective volunteers are required to complete a criminal background check every three years. There is no charge to have this done. The background check is done at our Administrative Office in Parma. Please contact the Human Resource Department at 216-712-7600 to schedule an appointment.

Please refer to the complete School Policy 5.2040, which is available on our website at www.constellationschools.com.
